John Jones Linen and Canvas

We sell a large range of the finest Belgian linen which is available unprimed, sized or primed in oil and acrylic primer to a flawless finish. Linen has been the professional painter's choice for centuries providing one of the best painting surfaces to work on. The finest linen has a high thread count per inch creating a beautiful natural texture.

We also stock a range of Cotton Duck. The preferred choice for many artists due to its economic price, it provides a smooth regular support with an even grain and is available in many widths and weights. We supply Cotton Duck unprimed as well as primed for artists who prefer not to prepare their own supports.

The following prices are just a small selection of the products we stock. Please contact us to discuss your specific requirements and receive a quote. Also there is much more information on our website on linen and Cotton Duck, plus plenty of tips on stretching and storing.
